

CONFLICT MINERALS DECLARATION

The company

QUETTI LUIGI S.R.L.

Via Ruca 254 – 25065 Lumezzane (BS) -ITALY

under its sole responsibility informs that:

On July 21, 2010, the United States passed the "Dodd-Frank, Wall-Street Reform and Consumer Protection Act".

It is a law which, among other things, regulates and prevents the trade in "conflict minerals" (Tin, Tantalum, Tungsten and Gold), the proceeds of which finance armed conflicts in the Democratic Republic of Congo and neighboring countries.

The aforementioned law requires all companies that market products in the American market to report to the SEC (Security Exchange Commission) the use of these minerals from the Democratic Republic of the Congo or neighboring countries.

On the same issue, the European Union has published Regulation (EU) 2017/821 of the European parliament and of the council which establishes obligations regarding the due diligence in the supply chain for Union importers of tin, tantalum and tungsten, their ores and gold, originating in conflict-affected or high-risk areas.

In this regard, Quetti srl declares that the brass used for the manufacture of its products may contain tin but only as impurities deriving from waste not intentionally added to the production process. Our raw materials do not contain the other materials (Tantalum, Tungsten and Gold).

Consequently, we can guarantee compliance with the "Dodd-Frank Act" and with Regulation (EU) 2017/821.
